ADVISORY NO. 2026-0046

TO : ALL MEMBERS/BUILDING ADMINISTRATORS
SUBJECT : SUSTAINABILITY IN MAKATI CENTRAL BUSINESS DISTRICT (MCBD)

Dear Members,

As part of MACEA's continuing efforts to advance sustainability and strengthen estate management practices across the Makati Central Business District (MCBD), we are conducting a **Sustainability Survey in partnership with Ayala Land**.

The survey aims to gather information on the **environmental and social sustainability programs, practices, and initiatives currently being implemented by buildings and properties across the district**. The information collected will provide MACEA with a better understanding of the current sustainability landscape of the MCBD and help identify opportunities for collaboration, improvement, and the development of district-wide initiatives.

The data gathered will support MACEA in **planning, developing, and implementing sustainability programs and initiatives that are responsive to the needs and conditions of the Makati CBD**, as well as in identifying opportunities where MACEA can provide support and facilitate collaboration among its members and other stakeholders.

We encourage all members to participate by completing the survey through the link or QR code below:

https://forms.cloud.microsoft/r/TzQRAifWFv

Please be assured that all information provided will be **treated with strict confidentiality** and will be used primarily for sustainability planning, program development, benchmarking, and stakeholder engagement. Individual responses will not be disclosed publicly without the consent of the concerned member.

Should you have any questions or require assistance in completing the survey, please contact us at macea@macea.com.ph.

Thank you for your continued support and participation as we work together toward a **more sustainable, resilient, and livable Makati Central Business District**.

For and On Behalf of Makati Central Estate Association, Inc.

PAUL GETTY E. GRANADA
General Manager
