MEMORANDUM CIRCULAR #88-05  
Members Concerned

SUBJECT: One-way Traffic Scheme

Please receive herewith copies of street maps of Legaspi District indicating thereon the details of a revised flow of vehicular traffic in said area.

This new traffic flow plan emphasizes a one-way traffic scheme within the Legaspi district streets, as well as on roads leading into and out of the Legaspi district.

The one-way traffic scheme will be initially effective as of **Wednesday, 20 July 1988**. A 75-day period for monitoring, evaluation and possible revisions will be observed. It is requested that during such period, criticisms, observations, recommendations or such other similar reactions coming from your tenants and other building occupants for or against the traffic scheme be forwarded in written form to the Association office. Data and/or other information gathered will be endorsed to the project's technical staff for collation and consideration for whatever revisions may be necessary.

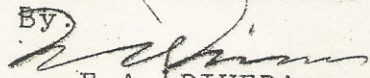

Please distribute these street maps to your building's tenants/occupants so the information on this new traffic flow scheme be given as wide a dissemination as possible. Provided with this advance information, it is hoped that the initial confusion will be minimized.

Please give this matter your usually prompt and favorable attention.

Thank you.
