December 13, 1990

MEMORANDUM CIRCULAR #90-09

Building Owners/Administrators Concerned:

We have verified that most of member-buildings are not yet complying with the provision in Memo Circular #90-07 to package garbage or trash prior to disposal at holding sites.

As embodied in Memo Circular #90-07 dated November 2, 1990, your Association enjoins building owners/administrators to require unit owners, tenants and other building occupants to utilize any type of used or unused disposable plastic bags for waste matters. This procedure facilitates handling and prevents spillage while in storage and during collection. Likewise, scavenging can be effectively controlled.

We are appealing for your support to this cleanliness and sanitation program so we may achieve an enviable environment in our MACEA business district.

May this Holiday Season bring you PEACE.

MAKATI COMMERCIAL ESTATE ASSN.

  
E.A. RIVERA  
Executive Secretary
