

MAKATI COMMERCIAL ESTATE ASSOCIATION, INC.
MCEA Compound, Amorsolo corner Urban Avenue, Makati

Memorandum Circular #91-10
Building Members Concerned

The Board of Governors views with grave concern the proliferation of "tiangges" within the premises of some member-buildings which is in violation of Section B-3, Item 3.2 of the Consolidated And Revised Deed Restrictions.

This apparent disregard of deed restrictions by some member-buildings has created a negative effect on the image of the Makati Central Business District in terms of its controlled development.

We are appealing to the building owners/administrators to stop this kind of retail activity and to maintain the cleanliness and standards of the MACEA Business District.

May this Holiday Season bring you PEACE.
