ADVISORY 2021-0607

TO : ALL MEMBERS/PROPERTY MANAGERS

RE : JAIME VELASQUEZ PARK/CARPARK REOVATION

We are pleased to inform you that the renovation of the Jaime Velasquez Park at Salcedo Village will start on June 15, 2021. This initiative is part of MaCEA's Greening Project which aims to enhance the parks, open spaces, and greenery around the Makati Central Business District. We recognize that the park is a highly valued amenity and is an integral part of the Salcedo Village community. The upgraded park will further improve the community's experience as it features a more current design and layout.

The renovation will be done in phases. The first phase will be the renovation of the open carpark followed by the redesign of the existing park as the second phase. Please refer to the attached map for the exact delineation of the first and second phases of renovation/construction. A separate notice will be released for the exact date of the closure of the second phase.

We expect the first and second phases to be completed on December 15, 2021, barring unforeseen problems and weather conditions. The project may cause temporary inconvenience because of the nature of work. We will appreciate your patience during this period and will attempt to minimize the inconvenience. If you have any questions, please call our project manager, Engr. Carlito Ulep of Trans-Asia at 632-0168 or 0927-7380277 or email him at carlito.ulep@gmail.com

Thank you for your understanding and usual cooperation

Sincerely,

JONATHAN C. DAVID
General Manager
