ADVISORY 2024-0020

DATE : March 20, 2024
FOR : MEMBERS/BUILDING ADMINISTRATORS
RE : SIDEWALK ENHANCEMENT

Dear Members,

Please be informed that this year's sidewalk enhancement project will be along the portions of Paseo de Roxas, Villar Street, and Salcedo Street. This project is another phase of the much-acclaimed pedestrianization system that MaCEA is implementing in the Makati CBD, a consistent, uniform, and typical design in all areas included in this project, where the sidewalk will be covered with patterned concrete paving blocks and stamped concrete banding. MaCEA has opted for this simple yet functional design in view of its responsibility for the upkeep of the sidewalk areas within Makati CBD. The new sidewalk is considered easier to maintain and more flexible for future modifications.

A new concrete paver block will be uniformly installed along portions of Paseo de Roxas, Villar Street, and Salcedo Street sidewalks. Construction of the project will start on March 25, 2024, and is expected to be completed on June 2024.

Kindly see the attached map for the affected areas.

Please bear with us for any inconvenience this may cause.

Should you have any questions or inquiries, you may email us at macea@macea.com.ph or call us at 09171111548.

Sincerely,

PAUL GETTY E. GRANADA
General Manager
