MEMORANDUM CIRCULAR 2005-09

TO : ALL MEMBERS/BUILDING ADMINISTRATORS
RE : UNDERGROUND UTILITY SERVICE ENTRANCES

This is a follow up on Memorandum Circular 2003-14 dated October 9, 2003 urging all members and administrators to begin construction of service entrances for utility lines in anticipation of the underground cabling system within the Makati Central Business District.

The project is already underway and some of the utility providers have started relocating their system from aerial to underground. If your building does not yet have the required service entrance, you might not be able to avail of the utility service(s) upon project completion.

Please be guided accordingly.

JAIME R. MATIAS
