MEMORANDUM CIRCULAR 2016-12

TO : ALL MEMBERS / BUILDING ADMINISTRATORS
RE : MACEA PEDESTRIAN OVERPASSES PROJECT AT SEN. GIL J. PUYAT AVENUE

Please be informed that the construction of the two (2) pedestrian overpasses across Sen. Gil J. Puyat Avenue have started. This is still part of MaCEA's Pedestrianization Project. The first one to be constructed will be the overpass between RCBC Plaza and The Columns and next will be between Teleperformance People Support Center and the Makati Post Office building.

During construction, it will be necessary to close the road partially (one lane only with board-up) or completely during bridge launching to vehicular traffic due to safety concerns. Please refer to the attached map for the traffic alternative routes/re-routing scheme to be adopted during the period of construction. Separate notice will be given for the exact date of the total closure of the road.

The project is expected to be completed around June 30, 2017 for both overpasses, barring unforeseen problems and weather conditions. The project may cause temporary inconvenience because of the nature of work. We will appreciate your patience during this period and will attempt to minimize the inconvenience. If you have any questions, please call our project manager, TRANS-ASIA at 632-0168.

Thank you.

Very truly yours,

JONATHAN C. DAVID
General Manager
