MEMORANDUM CIRCULAR 2019-08

TO : ALL MEMBERS
RE : 5TH METRO MANILA SHAKE DRILL

Philippine Disaster Resilience Foundation (PDRF) invites you to take part in this year's MMDA's Metro Manila Shake Drill to enhance your company's earthquake response plans and coordination.

One of the key objectives of the drill is to exercise preparedness and response protocols and business continuity plans, as well as exercise communication protocols of the PDRF Emergency Operations Center (EOC).

MMDA hopes to level up the simulation by conducting the annual exercise on a weekend and before sunrise when most population of Metro Manila are at home and asleep.

The simulation also aims to check the response capabilities and preparedness of local government units and the private sector since an earthquake might occur anytime.

The MMDA Metro Manila Shake Drill will happen on **Saturday, July 27, 2019 from 4:00AM to 6:00AM**. We highly encourage you to take part of this activity.
