DATE : **March 01, 2022** **MEMORANDUM CIRCULAR 2022-03**
TO : **ALL MEMBERS/BUILDING ADMINISTRATORS**
SUBJECT: **City Ordinance No. 2017-091**

Dear Members,

Hon. Mayor Mar-Len Abigail S. Binay was recently appointed as member of the Board of the Global Covenant of Mayor for Climate and Energy (GCoM), where she will provide an important outlook regarding the Global climate change risks and effects.

The City of Makati has been spearheading the fight about the effects of climate change. In relation to various severe risks brought about by this global crisis, the local government of Makati sees the need to reinforce the execution of laws and policies through the implementation of local ordinances which primary objective is to minimize the effects and risks related to climate change. The enactment of **City Ordinance No. 2017-091** also known as the "**Greenhouse Gas Reduction Ordinance of Makati City**" is being implemented. This ordinance subject all business establishments to submit their respective GHG inventory as one of their business permit renewal requirements in order to efficiently monitor the GHG emissions of the city.

In reference thereof, we would like to seek for your compliance and involvement in fulfilling the objectives of the said ordinance. Attached herewith is a copy of the Department of Environmental Services letter and the ordinance form with QR Code for your reference and perusal.

Thank you for your invaluable support.

Sincerely,

Engr. PAUL GETTY E. GRANADA
General Manager
