MEMORANDUM CIRCULAR 2024-003

DATE: MAY 20, 2024

TO: ALL MEMBERS/BUILDING ADMINISTRATORS

SUBJECT: REDEVELOPMENT OF DELA ROSA 2 CARPARK INTO A MIXED-USED DEVELOPMENT AND PARK

Dear Valued Members and Locators,

We are pleased to share with you that starting June 1, 2024, the redevelopment of Dela Rosa 2 Carpark into a dynamic mixed-use development will begin. The transformation of Dela Rosa 2 Carpark signals a significant step into our plan to revitalize Makati. This is a key component of the revitalization plan, which seeks to create a more livable, sustainable, and inclusive environment for our community.

This redevelopment project aims to repurpose the space from a parking building into a versatile hub that caters to a wide range of needs to foster stronger community connections. The centerpiece of the redevelopment will be a park with greens and active spaces for residents and visitors to enjoy. By transforming underutilized spaces into vibrant community hubs, we are working towards a more dynamic and thriving city.

More information is provided in the attached FAQ's. For any questions or further information, please follow the Facebook pages of Make It Makati and MACEA.

Thank you for your continued support and collaboration as we work together to create a better and more vibrant community in Makati.

Sincerely,

PAUL GETTY E. GRANADA
General Manager
