MEMORANDUM CIRCULAR 98 - 11

TO : ALL CONCERNED

RE : CLOGGING OF DRAINAGE DUE TO CONSTRUCTION MATERIAL
DEPOSITS

We have observed from our on-going drainage de-clogging works that numerous drainage lines and boxes near construction projects are clogged with construction materials such as hardened cement residue, sand, gravel, etc.

In this connection, all concerned are hereby being advised and warned not to allow such materials to be deposited into the drainage system and to immediately clear the roadways/sidewalks of any form of litter or spillage.

Anybody found to have caused the clogging of the drainage shall be fined P5,000.00 per day until such time that the obstruction is cleared from the drainage system, in addition to other sanctions that the Association may impose, such as banning of contractors within the MCBDD.

Please be guided accordingly.

JAIME R. MATIAS
Executive Secretary
