MEMORANDUM CIRCULAR 98 - 12

TO : ALL BUILDING ADMINISTRATORS

RE : GREASE TRAPS FOR YOUR BUILDINGS' SEWAGE

The Manila Water Co., Inc. (MWCI) had informed us of the noticeably large volume of grease inside the sewerage system in MCBD, which have caused problems in their operation and maintenance of the system.

In this connection, buildings not provided with the necessary grease traps, or those buildings that have defective units, are advised to undertake immediate appropriate action to prevent all form of grease from being deposited towards the sewerage system.

Relative to this, buildings whose sewage pipes are tapped towards the drainage system are hereby being advised to remove their connection by June 15, 1998 and to coordinate with us in order to be advised of the correct installation.

The Association shall remove or disable such unauthorized connections on the drainage system after the above deadline, the cost of such work shall be charged to the account of the concerned building/member.

Thank you.

JAIME R. MATIAS
Executive Secretary
