MEMORANDUM CIRCULAR 98-19

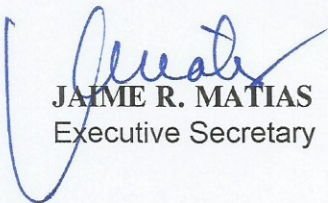

FOR: MACEA MEMBERS

RE: SKYWAY RAMP AMORSOLO STREET EXIT

This refers to the proposed Skyway Ramp exiting to Amorsolo Street.

Please be advised that in response to our concerns and other comments expressed recently by some members, the Board has sought the advise of a transportation planning and engineering consultant and other urban planners on the specific and collective traffic and environmental impacts of the ramp on the business district and to come up with several alternatives. While the project offers a potential benefit to the district in the form of direct and better access, we expect the consultants to enlighten us on other potential impacts, positive as well as negative, that should be among those considered in responding to the proposal.

Proper representation will be made with the City Government and other authorities concerned to pursue a mutually acceptable alternative.

JAIME R. MATIAS
Executive Secretary
